# PRIYADARSHINI SHANKAR

## Full Stack Web Developer

Developer with a proven ability to adapt in self-starting and collaborative environments while quickly picking up new areas of development with a strong work ethic and hunger to learn. I have 5 years of software engineering experience with recent experiences in web development using ReactJS and full stack web app development.

## EXPERIENCE

### Facilio Inc – Aug'19 to Mar'21

*SaaS - AI-based, real estate operations management solution backed by Accel Partners*  
*We managed 70 million square feet globally through our SaaS solution*

### Inception Services – Jan'18 to Apr'19

*A new-age marketing services firm with around 100 clients across industries.*

- Executed all web projects and led as SPOC interacting with customers
- Drove implementation of website enhancements and development tasks, including mobile-responsive website, and newsletters.

### Design of Responsive websites – Feb'17 to Dec'17

To get back to workforce I self-learnt and built websites to sharpen my skills in web development

- Strong foundation to build responsive websites
- Expertise in HTML/CSS/JS/Bootstrap

### Software Developer – ~4 years

Jun 2006 – Jun 2009 & Oct-2011 – Aug 2012

- Developed and maintained telecom and banking enterprise software at Infosys and Polaris.
- Gained experience in unit testing, Test-Driven Development. Led troubleshooting, fixed bugs and other issues, and updated program codes throughout production lifecycle.
- With career break for maternity
